

I just want everyone to know how pleased I was with Dave Gonzales' work. I have a lot of contractors at my home and have never experienced anyone that pays attention to detail like he did. Dave walked me through every process that he was doing and told me exactly what to expect. His crew was nice and very polite. They (including Dave) stayed on the job until it was finished. I am very pleased with the outcome and the patio is beautiful. And he arrived on time. Give him a call, you will be pleasantly surprised. He told me several times that he does the same quality work that he would do at his own mother's home. So true!!!
