

11/2014

-My husband and I love our new floors!! Dave was so professional and timely through-out the entire process. I contacted him on a Tuesday, he came to the house to determine square footage and details the following evening and had us on the calendar to being the following Monday. He and his crew ripped up carpet, patched, sanded and stained 3 bedrooms in 2 days and gave us all the info we needed of where to purchase the wax and supplies to maintain their color and sheen. I so appreciated his timelines and willingness to answer all my questions about the amount of prep I should do prior to their arrival. We will definitely be using him again (when it warms up and weather permits) to stain our back patio. I HIGHLY recommend Dave for any of your staining needs. Actually, I've already given his name out to a few close friends 😊 Our floors are stunning!
